Show Information

An original musical by local teens, *BY WHEEL AND BY WING* is based on the Parnes family's escape from Europe during World War II. The play is set in June of 1941 in the bustling town of Skalat on the Polish/Ukrainian border. It is a moving and miraculous story of how one family endured, escaped and survived the war and holocaust. A staged reading of this musical was presented in May 2011 to sold-out audiences and received ovations for its sensitive and moving musical telling of this dramatic story.
